

# Questions to Ask A Builder About The Property

Are you collaborating with a builder for acquiring or constructing a new property? If yes, here are some important questions to ask the builder:

1

Can you provide references of your previous work?

2

What is the estimated time of completion?

3

How does your warranty and after-sales service work?

4

What are the pros and cons of different layout styles?

5

What kind of communication can I expect throughout the process, and who will be my primary point of contact?

6

What kind of materials and construction techniques do you use to ensure the durability and longevity of the property?
